YOUR PERSONAL INVITATION

Central Florida International Black Women's Congress

Preserving the Family through Quality Education and Results Oriented Programs

MEMBERSHIP INFORMATION

It is our pleasure with great recognition that we invite you to join the Central Florida International Black Women's Congress (CFIBWC). As one of the nation's prestigious service organizations, CFIBWC provides Educational, Cultural and Socio-Recreational Programs to economically disadvantaged and under-served families to enhance their quality of life.

To ensure families and individuals are educated and empowered to lead safe, healthy and sufficient lives, the International Black Women's Congress embraces the following values:

- All persons are entitled to be educated on health, economic, social and cultural issues that impact themselves and their communities.
- All persons should be treated with respect and integrity regardless of age, race, gender, ethnicity, religion or sexual orientation.

CFIBWC service model originated in traditional African cultures with the sharing of information, knowledge and services for the good of the community. In this role, the organization provides educational outreach programs and information forums to adult and adolescent females, which empower, encourage, increase awareness, and enhance physical, emotional, spiritual, social and economic well-being.

“Every Woman Should Wear a Red Dress”

Central Florida International Black Women's Congress each year presents our “Red Dress Women's Health Conference”. The ‘Red Dress’ theme, as explained by the congress’ national founder and president emeritus Dr. La Francis Rodgers-Rose, gives power to the Black Woman who were once prohibited from wearing the bright color to suppress her vibrancy and individuality. Now today we wear Red in our conference symbolizing the Black Woman's beauty and exhilarating zest for life, encouraging joy and exuberance. The Central Florida International Black Women's Congress has continued the “Red Dress” tradition since its conception in March 1993. Each year we focus on a different theme that will empower and encourage adolescent and adult women with knowledge for the betterment of self.

Conference Past Topics:

- Every Black Women Should Wear A Red Dress
 - The Ties That Bind: Toward A Spiritual Re-Awakening
